Housing Highlight

We understand that most of you will begin to select housing over the next few months. Some of you may be interested in finding a roommate. Next week you will find a Google Doc that will allow you to express interest in a roommate and housing preferences. While we will not be able to match you to a roommate, we will be able to provide means for you to do so yourself.
Each week we will highlight a student housing option in our area. This week, we will highlight -

Deacon's Station.

Deacon's Station seems to be a popular option among our MSA students. These town homes are fully furnished and include all utilities. Deacon's Station also offers a complimentary shuttle to campus which drops off directly in front of Farrell Hall (School of Business). Amenities include a salt water pool, 24 hr fitness center, study room, media room and game room. If you are interested in learning more about Deacon's Station, click HERE.

Ansley Briggs

Fun Facts: Ansley played Quarterback on her powderpuff team in high school. She opened her own cafe’ called Anzlee's selling homemade baked goods. She has tumbled for over 15 years and was on the UF Cheer Team as a Freshman.

Career Plans: Ansley will begin full time as an Audit Associate with EY in their Financial Services division.

Advice to Future Students: There is an old saying "If you don't know where you are going, any road will get you there". As we start our career journey, our final destination may not be abundantly clear. My advice to you is to shoot for short term goals along your journey. I find that working towards these milestones is rewarding and will ultimately lead you to your end destination.

What's Going on in Winston-Salem

Winston-Salem is home to many young professionals who care immensely about the community. This Saturday, members of the Habitat Young Professionals group will host a Gala to raise funds to sponsor their next build. It takes $65,000 to build a Habitat Home and the HYP group has been fortunate enough to sponsor a build once every two years. Our MSA students have also been very active with the local chapter of Habitat for Humanity, volunteering several times throughout the academic year.
Downtown is home to many small businesses- boutiques, restaurants and coffee houses. This week, we welcome yet another one of those small businesses.
